Family hubs We are joining up services and support for families in Norfolk through what is called the Norfolk family hubs approach. It means there's support from the moment you know you're pregnant, right through to your child's 19th birthday (25 if they have special educational needs or disabilities). This includes help with any worries you may have as a parent/ carer, such as your finances or mental health, which may be impacting on your children.

It means, as a family, you can get more of the support and advice that you need within your local area, through the community groups and places that you already go, such as community supermarkets or your local library. You can ask for help wherever you see the family hubs logo.

Families can also go online to access the information, advice and guidance they need, when they need it 24/7, either through the council's website or via Just One Norfolk:

**www.norfolk.gov.uk/familyhubs and
www.justonenorfolk.nhs.uk/family-hubs**
